

## ECHOES FROM THE LODGE ROOMS

**ELKS.**  
Making the principal address Thursday at the Elks grand lodge convention at Atlantic City, Assistant Secretary of the Navy Roosevelt declared that justice must be done in the case of those recently killed in the massacre of coal miners in Herrin, Ill., "regardless of affiliation" if the United States is to continue a nation.

A "blot" such as that of Herrin, he said, "can be wiped out in only one way—by process of law."

"We are in the midst of troublous times," Mr. Roosevelt said, "and there are many ahead. There are doubting abroad in the land which if not controlled and overcome, may lead to the fall of this great country, as countries of the past have fallen."

"But a few short weeks ago in southern Illinois, as atrocious a massacre occurred as is contained in our annals. There is no shadow of a conviction of the murderers in sight. I know not who was to blame, whether employer or employee—perhaps both—but if our country is to stand we must mete out justice in this case regardless of affiliations. Before the law the man with a million and the man with a dollar stand the same."

"There is a tendency toward law-breaking in it. It is but one of the dangerous tendencies of the present. There is a doctrine abroad in the land which is just as destructive. This doctrine is that our function in life is to get by with as little work as possible. Where would we be now if our ancestors had refused to work over and beyond a time sufficient to give them the bare necessities of life?"

"To meet this situation we must recognize, in many respects, our theory of business. We must endeavor to adjust it to the needs of this problem. We must work forward the condition of affairs whereby we may correctly allude to those engaged in industry rather than to 'employer and employee.' We must endeavor to create conditions wherein the self-evident interest of all is the success of the business in which they are engaged."

**JUNIOR AMERICAN MECHANICS.**  
The regular meeting of Buckingham council, No. 14, was held Wednesday night at the Buckingham Memorial. Arrangements were made for the initiation of a large class of candidates from this city and from the New London council to be held on Saturday evening. The work will be put on by a team from New Britain council. Following the meeting refreshments are to be served. An endeavor is to be made to have a 100 per cent. turnout of the members of the local council.

**ODD FELLOWS.**  
The regular meeting of Odd Fellows lodge, No. 1, was held Monday night in Odd Fellows hall, Main street, routine business being transacted. The meeting was presided over by Noble Grand John Hawker.

The regular meeting of Palmyra Encampment, No. 3, was held Thursday evening at Odd Fellows hall. The newly elected officers were installed as follows: C. P. Fred V. Amburn; H. P. Herbert Willey, Sr.; warden, William C. Elmer; junior warden, Walter D. Kelley; scribe, John F. Amburn; treasurer, Edward F. Kinney; O. S. S. Frank R. Smith; I. S. S. Albert T. Fairbanks; J. W. Joseph W. Current; and W. John A. Hawker; S. W. William H. Horn; K. W. Luther G. Andrews; guide, William G. Froehmender; G. of T. Edward Smith; G. of T. Leslie W. Fowler.

The officers were installed by the following grand officers: D. D. G. P. Edward F. Kinney; D. G. H. P. John F. Amburn; D. G. S. Warden, Herbert Willey; D. G. Scribe, William C. Elmer; D. G. Treasurer, James E. Smith; D. G. Jr. Warden, Frank M. Green.

Following the meeting the members adjourned to the banquet hall where light refreshments were enjoyed.

**FORESTERS.**  
At one of the largest meetings that Court City of Norwich, No. 63, has held in a long time much important business was transacted. An amendment was passed increasing the dues fifty cents a quarter and a committee was appointed for an outing comprising Brothers Fox, McNeerney, Clement, Lohy and Congdon, with full power to go ahead and put up a good time. There will be all kinds of athletic exercises, and a game of baseball between the married men and single men. As there is some first class talent on both sides it will be interesting to see. All members will be notified of the date and what time the big hike will be ready. It will be a good time for the new members to get acquainted and the committee will see that everybody has a good time.

**GROTTO.**  
At a special meeting of Nemrod Grotto, held in Nemrod hall, Tuesday night, plans were drawn up for the grotto's first annual outing and clam bake to be held Saturday, July 29th at Happyland. The entertainment committee, assisted by a special outing committee appointed at this time, will meet on Tuesday, July 18th, to conclude final plans and outline a suitable programme of sports for the day.

This outing and bake will be open to

all prophets and their families of lady friends, and special attractions, and games are to be made for the kiddies. Nemrod's activities of the past have proved of banner quality and this, their first outing, will be no exception and promises to create that longing feeling for each succeeding one.

At this meeting, Monarch George N. Chappell's report as delegate to the 33d annual supreme council session, held in Davenport, Iowa, Moline and Rockland, Ill., June 16, 27 and 28th, was read and received with interest.

Some of the most interesting points brought out were the hospitality of the residents of the three middle western cities and the earnest cooperation shown by them to give every visitor the time of his life.

The three cities with a total population of over 150,000 simply threw open their doors and gave each prophet delegate the key to their homes with surety that there was nothing in the cities but what was at the prophet's disposal.

The donation of the services of 500 privately owned automobiles made it possible that every visitor was given a free 35-mile tour of the three cities, including the trip through the Rock Island and arsenal buildings and grounds.

The arsenal is the largest manufacturing arsenal in the United States and consists of 1,000 acres on an island in the Mississippi river between the three cities, connected to the mainland on either side by a large government combined highway and railroad bridge.

During the Civil war this arsenal was used as a prison for Confederate soldiers where 3,000 of these dead are buried. There is also a large Union cemetery on this reservation.

During the World war over 15,000 were employed in assembling and shipping all kinds of fighting arms to our troops overseas and the famous French 75s were made here. At present the returned tanks of all sizes are being overhauled and improved.

Some of the more important buildings noted on the trip through Davenport were Fort Armstrong and replica from the original block house of Indian war days, the first national bank of the United States, the new \$1,000,000 Masonic temple under construction and the Palmer school. Of special mention of Davenport is the fact that the first railroad connecting the east with the west started at this point and therefore the natives claim Davenport, Iowa, as the place where the west began, Davenport is the commercial city of the three, while Moline, Ill., is the manufacturing center, joining Rock Island, which is reserved more as the residential unit of the trio.

On our trip through Moline we noticed of interest the home of the Velle automobile and the large factory of John Dure & Co., world largest plow manufacturers.

Keeping up with the growing middle west Moline has a new \$1,000,000 hotel nearing completion.

From Moline we toured into Rock Island, making the point of interest Black Hawk Watch, overlooking the Rock river.

This is a high point chosen by Chief Black Hawk as his watch tower to observe the approach of strangers on the lower lands as at the foot of this watch was located the village of the Sac and Fox Indians, said to be the largest Indian village in the United States.

Ending the auto tour—a sightseeing trip down the Mississippi was in order on one of those red Mississippi stern paddle wheel boats, the steamer Washington, which although a four-decker drew only three feet of water and could sit at the shore anywhere by lowering the gangplank. A person could in a hop, step and jump be on dry land. Each boat carried a jazz band and steam calliope.

At the business session of the supreme council which opened after a parade Tuesday in Davenport of over 10,000 prophets, when the city was in gala attire, the first thing in order was the greeting telegram from our president, Warren G. Harding, prophet of Kalipolis Grotto of Washington, D. C. This

was honored in due manner and was followed by the invocation by Rev. Stephen of Rock Island.

The balance of Tuesday was spent in real joy and pleasure in which were a drill contest by patrols and bands, while band concerts were given in the three cities and pajama parades and pavement dances entertained all. Tuesday ended with a grand display of fireworks from barges on the river.

Wednesday's session of the council opened full of life, coming to a close at 1:30 p. m. after the granting of charters to 15 new grots, among which were Nemrod Grotto of Norwich and Obed of Bridgeport. Election and installation of grand officers were held and Cleveland was chosen for the place of the next supreme council.

With but one big public showing yet to be made, the gala parade of the convention, all wheels were set in motion for the 5 p. m. demonstration in Rock Island. This was no doubt the largest parade ever shown in the tri-cities and one not to be equaled again, except by a similar occasion. There were forty bands and thirty patrols in line, all clad in Oriental costume, the ranks moving so closely that they resembled rainbows, but the floats, mingled in, broke the appearance of a solid line of marchers. The parade was just one hour and ten minutes passing the reviewing stand and it took five miles of rope to cover the line of march as all traffic was dead for three hours.

As a charter has been granted to Nemrod Grotto at this convention, it is now planned to receive the grand officers for the delivery of the charter on either July 24 or 25. Nemrod now a charter body with all the privileges, expects to have a large ceremonial class in October when their own band and patrol will make a big show appearance in new uniforms, supported by the 300 members new on the roster.

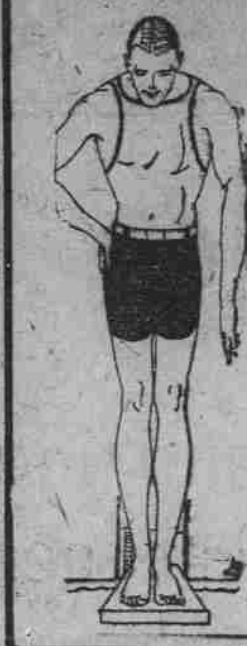

The Mystic Order of Veiled Prophets of the Enchanted Realm showed a membership gain in the past year of 18,000.

**REBEKAHS.**  
The annual picnic of Hope Rebekah Lodge, No. 21, I. O. O. F., was held Thursday at the home of Mrs. Paul Collins at Poqueanuck Cove, about 125 members with their children being present. The members left Norwich about 9:30 o'clock in the morning and enjoyed a sojourn until dinner. At noon a clam chowder, with cake, coffee, pie, watermelon and other appetizing foods were served. During the afternoon a program of games was carried out for the women and the children. Supper was served shortly after six o'clock, the retiring being made about 9 o'clock in the evening. All members being pleased with the annual picnic which was a success.

**MOOSEHEART REGION.**  
At the regular meeting of the Women of Mooseheart Legion, No. 124, held Thursday evening at the Moose home, St. Regent Carolina Hastadt presided. Routine business was transacted. The annual outing of the legion is to take place Wednesday, July 19th at Ocean Beach, where a shore dinner will be served. Members are asked to leave this city on the trolley leaving Franklin square for New London at 9:45 a. m. The next regular meeting of the legion is to be held Thursday, August 10th.

**WOMAN'S RELIEF CORPS.**  
Sedgwick, W. R. C., No. 16, assembled for its regular meeting Friday afternoon at the Buckingham Memorial and was called to order by the president, Mrs. Lena Favalus. Regular routine business followed and the secretary and treasurer's reports were read and approved. One application, from Abbie Olsen, was received. The death of one of the members, Mrs. Mary Harvey, was mentioned.

An invitation was received from Commander and Mrs. Orrin M. Price for the Corps to spend their anniversary with them on July 25. As that date falls on the regular day for the corps meeting it was voted to hold the picnic on Wednesday, July 26, if pleasant, or if rainy the next day, Thursday, July 27. It was suggested the corps members go on the 10 o'clock car, each one to carry a soup plate, two spoons, knife, fork and cup. The installation of the fourth color bearer, Mrs. Flora Maples, was performed

It was voted to have a whist Friday evening, July 21, at 8 o'clock. The president, Mrs. Pukallus, gave a fine report of her visit to Cromwell. She was given a rising vote of thanks for the paper. The meeting closed by singing America, repeating the Americanisation creed and the salute to the flag.

**AMERICANS QUALIFY IN CANADIAN TENNIS PLAY.**  
Toronto, Ont., July 14.—American players qualified today for the finals in both the singles and doubles of the Canadian open tennis tournament. Frank T. Anderson, of Brooklyn, N. Y., former American indoor champion defeated Leroy Rennie, Toronto, 6-2, 7-5, in one of the singles semi-finals and with his father, Fred G. Anderson, Sr., won from G. Holmes, Winnipeg, and Robert Baird, Toronto, 6-3, 6-2, in the doubles semi-finals.

The final matches tomorrow will bring F. T. Anderson and Baird together in the singles and the Andersons and the Milne-Peers combination in the doubles.

**TATFVILLE AND WHALERS.**  
CLASH TODAY AT TATFVILLE  
Tatfville is strengthening its defenses for Saturday, when the New London team invades the Providence Street grounds. The fight promises to be close, and will no doubt draw a crowd of fans to the grounds to witness the contest. Morin and Belair will be the battery for the locals, and Chappell and Doyle will probably be used against them. Both teams are now in the pink of condition, and both sides are laying claim to the victory. The locals have set out some rigid training the past week, and they believe they can demonstrate their ability before their home crowd.

**MANY ENTRIES FOR LEGION MEET TODAY.**  
New Haven, Conn., July 14.—More than 400 entries have been made for the field and track games of the American Legion at Yale field tomorrow. Many performers from New York are expected. Miss Blanche Dixon, who will captain the women's team in the international meet of women athletes at Paris next month, is announced as an entrant in the 60 yard dash for girls.

**HORNSBY TIES PRESENT RECORD FOR NAT. LEAGUE.**  
St. Louis, Mo., July 14.—Rogers Hornsby of the St. Louis Nationals tied the modern National league home run record in today's game with Philadelphia by clouting his twenty-fourth circuit drive in the 7th inning off Hubbell. No one was on base. The record of 24 was made by "Gavvy" Cravath of Philadelphia, in 1916. The old National record was 27, made by Ed Williamson of Chicago in 1894.

**DIAMOND DUST.**  
The Phils kept on trying until they finally trimmed the Reds on the Cincinnati grounds.

Like several other big league outfits the Brooklyn Dodgers do their best pastiming on the home lot.

St. Louis may fall to win a pennant, but it has surely furnished an abundance of fireworks this season.

Chubby Nixon may not be a star fielder nor batsman, but he is delivering in fine shape for the Braves at that.

Looks as if Waite Hoyt, the Yankee bowman, had succeeded in crawling out of the slump he was in a short time ago.

Babe Ruth says he will reach 700 25th mark in home runs before Ken Williams. But how about Roger Hornsby?

Rival American league teams declare that the White Sox are due for a fade-out and a second division berth

Despite his enormous bulk "Baby Doll" Jacobson of the Browns is surprisingly fast in the outfield and on the base paths.

Although "Nemo" Leibold and "Shono" Collins have been in the big show many years they are still first raters with the Red Sox.

"Tilly" Walker, the Athletics slugger hasn't been able to overtake the home-run leaders, but he is still in the running and traveling fast.

The Detroit pitching staff, called a joke even by Detroit experts in the early season, has found the range and is breezing along in high.

It's going to be considerable job if the Pirates wade through the bunch ahead of them and reach the top of the National league standing.

The Washington Senators have had hard luck in the loss of a number of games this year, after apparently having the contests sewed up.

Either the Cardinals will have to speed up a notch or two or the Giants must skid badly, if the Cards succeed in beating out the New Yorkers.

So far this season Cleveland fans have been a disappointed lot, the Indians having been picked in the early season as a sure pennant contender.
